HACKATHON RULES & GUIDELINES
Make-A-Thon 3.0
St. Joseph's College of Engineering

Hackathon Dates:
19 & 20 February 2026

Issued by:
Hackathon Committee

1. General Conduct

- All participants must strictly adhere to the guidelines issued by the Hackathon Committee throughout the event.
- Any violation of rules or misconduct will result in immediate disqualification.
- The decision of the judges shall be final and binding. No appeals or further discussions will be entertained.
- Participants are expected to maintain professional behavior, mutual respect, and discipline at all times. Any form of harassment, offensive conduct, or disruption will not be tolerated.

2. Team Regulations

- Teams must consist only of the members registered during the application process.
- Addition, removal, or swapping of team members after registration is strictly prohibited.
- Following the mentor interaction session, teams will be given one day to submit the final list of team members. No changes will be permitted thereafter.
- At least one team member must be present at the venue at all times during the hackathon.

3. Equipment & Venue Rules

- Teams are required to bring their own laptops, components, and required hardware/software.
- Any damage caused to the venue, equipment, or property will attract penalties and may lead to disqualification.
- Entry of outsiders or non-registered participants into the hackathon venue is strictly prohibited.

4. Project Development Rules

- All projects must be original and developed entirely during the hackathon duration.
- Use of pre-built solutions, previously developed projects, or plagiarized content is strictly prohibited.
- Any team found violating originality norms will be immediately disqualified.

5. Submission Guidelines

- Teams must submit all required materials, including source code, presentations, and demonstrations, within the specified deadline.
- Late submissions will not be accepted under any circumstances.
- Submissions must follow the format and instructions communicated by the organizing committee.

6. Evaluation Criteria

- Projects will be evaluated based on the following parameters:
- Innovation and originality
- Technical implementation
- Practical feasibility
- Impact and relevance to the problem statement
- Team collaboration and presentation

7. Event Schedule & Reporting

- The hackathon will be held on 19 & 20 February 2026.
- Shortlisted teams must report between 08:00 AM and 10:00 AM on 19 February 2026 for registration and verification.

8. Final Note

- Participants are encouraged to uphold the spirit of innovation, teamwork, and ethical conduct.
- Creativity, collaboration, and originality will be key factors in determining success.
